January 2022

**Dear P7 Pupil,**

A big Hello from everyone in Saint Catherine's College.

Every year at this time, we invite lots of P7 pupils to our Open Night to see inside our lovely school. We always enjoy showing you the great things that we do here and letting you know what life will be like if you choose to come to us in September.

Unfortunately, that isn't possible this year when we all have to do things differently. We have already met some of you before Christmas and we hope to meet even more of you at our upcoming school show, Matilda in the Marketplace Theatre. There are also lots of other ways that you can find out all about our school.

Firstly, go to our website ([stcatherinesarmagh.com](http://stcatherinesarmagh.com)) where you will learn all about our school. There, you will find:

- Our school prospectus
- Our history and ethos
- Information on Coláiste Chaitríona
- A gallery of events, achievements and facilities
- Our latest news
- And lots more

There is also a special section there called Virtual Open Week which you will be able to explore from Monday 1<sup>st</sup> February. It contains:

- A short film about Saint Catherine's College
- Films about subjects taught in Saint Catherine's College and Coláiste Chaitríona
- Our Admissions Criteria
- Films made by students
- A competition for you to enter

We have also sent you a flyer with information for mummies or daddies about our Virtual Open Week which runs from Monday 31<sup>st</sup> January until Friday 4<sup>th</sup> February. This is a week of information sessions which P7 parents can sign up for by clicking the links on the flyer on our website. The Friday session is especially for you. On that day, our Sixth Form Leadership Team will answer questions about our school sent to them by you. If you would like to send a question, then use the Friday link on the website to send it to us. You should also ask someone at home to show you our Twitter feed ([stcatherines247](https://twitter.com/stcatherines247)). That will show you what happens here in our school every day.

I hope all of this will help you to find out as much as possible about our school. I'm so sorry that you can't visit us right now but I can't wait to welcome many of you as big Year 8 pupils in September. Keep working hard at home so that you will be ready!

Stay safe and thank you for being interested in coming to our school.

Mrs Tiffney  
Principal
